RE: Local Telephone Competition Voluntary Survey

Dear Mr. Metzger:

Attached is the response of U S WEST to your February 20, 1998 request for information regarding the state of local telephone competition.¹ This response covers those areas where U S WEST Communications serves as the incumbent local exchange carrier. As noted in your request, this information is provided on a voluntary basis. This information must be viewed as only a snapshot of conditions in a rapidly changing marketplace. Because of the timing and nature of this response, many of the numbers are either estimates or based on preliminary ARMIS data.

In addition, your February 20 letter noted that a company "may wish to provide certain information on a confidential basis, where such information is proprietary to [the] company or [its] customers." Certain of the information that U S WEST provides herewith is, indeed, proprietary to U S WEST or to its customers, and the appropriate boxes have been checked and other entries are so noted on the survey form so that Commission staff can identify and protect such information as confidential. U S WEST hereby requests that confidentiality of these checked items or noted entries be maintained. Pursuant to Section 0.459(e) of the Commission's Rules, we request that U S WEST's survey response be returned if it is not possible to honor this confidentiality request. As requested in the letter, U S WEST is also providing a redacted version of the survey information for inclusion in the public file.

Please call me if you have any questions regarding this information.

Sincerely,

A handwritten signature in cursive script that reads "Elridge A. Stafford". Below the signature, the initials "BBN" are written in a similar cursive style.
